

### **How to find The GlaxoSmithKline Medicines Research Unit**

We are situated at the Prince of Wales Public Hospital in Randwick about 8km from the city of Sydney and 8km from Kingsford-Smith Airport.

The Prince of Wales Hospital Campus may be accessed via High Street or Barker Street.

#### **High St Entrance: Public Hospital entrance**

(Recommended if you come by taxi, bus or have obtained street parking)

Enter via the front doors and proceed down the centre corridor to the Parkes Building lifts. There are 4 lifts on your left and 1 on your right (opposite a stairwell). Take any lift to Level 10, turn and walk down the corridor. You will reach a large red door, sign posted with a plaque that contains the unit name (to the left of you there is a ward area). The Unit has a security video-intercom system. Please press the buzzer and wait for the door to be released. You will hear a click as the door unlocks. Pull the door toward you to enter the unit.

#### **Barker St Entrance: Private Hospital entrance**

(Recommended if you have parked in the hospital car park)

From the car park take the lifts to Level 0. Take note of the colour of the level on which you have parked your car. There are 2 sets of lifts in this underground car park. The lifts closest to the entry of the car park, exits outside the hospital. Once exiting the lift proceed through the glass doors of the main private hospital entrance, past the gift shop, lifts and pharmacy on the right. Follow the wall around to the left, go past the 4 lifts on your left, and head for the double red doors that access the service corridor.

The lifts closest to the back wall of the car park, exit inside the hospital, opposite the Forecourt café. If using these lifts, then turn right, past the pharmacy, follow the wall around to the left, past the 4 lifts on your left and head for the double red doors that access the service corridor. Follow this corridor all the way to the end, making a right and left turn along the way. You will end up in the housekeeping service area with 5 lifts. This is the Parkes Building. Take any lift to Level 10, turn and walk down the corridor. You will reach a large red door, sign posted with a plaque that contains the unit name (to the left of you there is a ward area). The Unit has a security video-intercom system. Please press the buzzer and wait for the door to be released. You will hear a click as the door unlocks. Pull the door toward you to enter the unit.
